COMMITTEE REPORTS

- **Youth Council Update**

They approved that the subcontractors be allowed to transfer funds from their In-school Youth Program to their Out-of-school Youth Program as needed to continue services to youth.

- **One-Stop Committee Update**

Committee Chairperson Pat Poepping said the One-Stop Committee met prior to the Board meeting and reviewed the monitoring reports. The Committee had reviewed the reports previously but at this point the subcontractors had corrected all of the findings. Pat said at least eight bidders had expressed an interest in the Adult and Dislocated Worker Request for Proposal (RFP) which was due March 31. The One-Stop Committee would meet April 18 to select their recommendation. Their recommendation would be offered at the April 24 Board meeting. He announced that Larry Markway was no longer the Functional Leader at the Hannibal Job Center and Cindy Higgins was the Interim Functional Leader.

Pat moved that the NEMO WDB accept the Committee's recommendation to approve the subcontractor monitoring. Dennis Gill seconded the motion, and the motion was unanimously approved.

Commissioner Wiley Hibbard moved that the CLEOs approve the subcontractor monitoring. Commissioner Lyndon Bode seconded the motion, and the motion was unanimously approved.

- **Executive Committee Update**

Dan said the Executive Committee met on March 6, 2017 and accepted the resignation of Brandi Glover. He expressed thanks to Brandi for her hard work and dedication to the Board. Her last day would be March 30. Diane Simbro will serve as the Interim Director until an Executive Director is selected. The job had been posted and applications would be taken until March 31. An opening for Fiscal Officer had also been posted and applications would be taken until April 7.

Brandi said Mac Wilt and Diane Noah had agreed to serve on the Nominations Committee. Other volunteers were requested, and Jim Kolve and Annette Sweet volunteered to serve.

WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) Implementation

- **Update**

Brandi said WIOA implementation was still moving forward. Several Training and Employment Guidance Letters had been issued from the Department of Labor (DOL). The State was processing a lot of the guidance and, in turn, issuing additional guidance for the regions. She said the One-Stop Committee discussed the One-Stop Certification. The WDB would need a review team(s) to go out and evaluate and potentially certify each of its Job Centers. There was a criteria check list that must be followed to see if each Job Center was meeting certain criteria. The One-Stop Committee had asked for volunteers to serve on the review team(s). If any other Board members would like to volunteer to serve, they would be welcome and should contact Pat or her. Individuals could volunteer to review one Job Center or all three.

- **Performance Measures**

Clinton Flowers provided a presentation on WIOA where he explained the performance measures and how the outcomes are determined.

EXECUTIVE DIRECTORS REPORT

Brandi said with the new case management system, staff was going to undergo some pretty intensive, five-day training over the next couple of months either in Jeff City or another location. She said the DOL put out some preliminary funding allocations for this next year and it was anticipated that we would have a budget cut. The numbers weren't final at this time. She presented a worse-case scenario to the Executive Committee that the State presented of a 10% cut. Until we have actual numbers, we will just be monitoring that and hoping they will increase. She anticipated that the Region would take a cut in its Dislocated Worker funding because it hadn't had as many major layoffs compared to the other Regions. Once the actual numbers were released they would be shared with the Board. Brandi said she had enjoyed her time at the Workforce Development Board, the relationships she had built with everyone and their service to the Board, and she thanked everyone for their support.

Workforce Coordinator Shari Schenewerk provided an update of business closings and or reductions in staffing. She said Buckhorn would be laying off 119 people. Thanks to the assistance from Kim Cull, they will begin transition meetings soon. Nine major corporations in Missouri would be laying off, mostly retail stores, Payless, JC Penny, Radio Shack, Goodys to name a few. She asked all Board members to notify her if they heard any rumors of layoffs.
